

At Fujairah Gold, we believe in sustainable development and are committed to effective management of Quality, Occupational Health, Safety and Environment as an integral part our business and core values.

Accordingly, we will strive to

- Provide our customers with world class products, on time, to agreed specification including compliance by building a knowledge and process driven organization with continual improvement as the driving force in all our operations.
- Comply with all applicable environmental and occupational health & safety legislation and other requirements and go beyond thereby providing a safe, healthy, clean and green working environment.
- Conserve raw materials, water and energy and explore opportunities to reduce/recycle/reuse waste wherever practicable.
- Eliminate / minimize and control adverse environmental impacts and occupational health & safety risk, and to prevent injury and ill health by adopting appropriate “State-of-the-art” technology and world class HSE practices.
- Enhance awareness, skill and competence of employees and contractors and involve them actively in our Quality, Environment, Occupational Health & Safety Management systems and Sustainability Framework and take this contribution into account for the career advancement.
- Be the best and the most respectable corporate citizen working in partnership with government bodies and all stakeholders.
